

Dear Valued Customer,

On April 15, 2021, the Federal Energy Regulatory Commission (“FERC”) issued a certificate of public convenience and necessity to Washington 10 Storage Corporation (“Washington 10”) authorizing it to operate its storage facilities pursuant to Section 7 of the Natural Gas Act. It is currently anticipated that Washington 10 will formally switch its jurisdictional status on or about August 1, 2021. As a result, we are starting to initiate the process of converting our customers’ service agreements to the form service agreement that was filed with FERC. In order to complete that process, we will need additional information from our customers and plan to start reaching out to your contract administrators in the coming weeks. We appreciate your cooperation and continued support during this transition period.

Thank you for continuing to be a valued customer of Washington 10.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Richman", with a stylized flourish at the end.

Steven Richman
Director, Gas Storage
