

RELATED PARTY TRANSACTIONS POLICY

The Corporate Governance Committee shall conduct a reasonable prior review and oversight of all related party transactions required to be disclosed pursuant to Item 404 of Regulation S-K under the Securities and Exchange Act of 1934, as amended, for potential conflicts of interest and will prohibit such a transaction if it determines it to be inconsistent with the interests of DT Midstream and its shareholders. The Corporate Governance Committee shall also review such other transactions of DT Midstream in which any “related person” had, has or will have a direct or indirect material interest. In general, “related persons” are our directors, director nominees, executive officers and shareholders beneficially owning more than 5% of our outstanding common stock and immediate family members or certain affiliated entities of any of the foregoing persons. We expect that our Corporate Governance Committee will approve or ratify only those transactions that are fair and reasonable to DT Midstream and in DT Midstream and its shareholders’ best interests.

A director may not be involved in a business transaction in which the director has a conflict of interest with DT Midstream. Anything that could present a conflict of interest for a director may also present a conflict of interest if it is related to a member of his or her immediate family. Because potential conflicts of interest may not always be clear cut, directors, individuals subject to Section 16 of the Exchange Act and senior executive officers will be expected to disclose any material transaction or relationship that involves, or may involve, a conflict of interest or potential conflict of interest with DT Midstream promptly to the chair of DT Midstream’s Corporate Governance Committee or the Executive Chairman of the Board, who may consult with legal counsel, as appropriate.
